Good morning Tom,

Do you know if they started the digging for the lagoon, I issued the CP last Friday but I need to amended it to add other special conditions. I just want to make sure that they are not digging it deeper than what they proposed. They need to leave at least 10 feet separation between the bottom of the lagoon and the bedrock.

Thank you

Hi Thabit,

I've not been able to get up there yet. Can not find the Construction Permit online. Could you email me a copy?

Thanks,

Tom
